- **Conceal any imperfections.** Use a concealer to cover up any blemishes, dark circles, or other imperfections. Apply it sparingly and blend it well into your skin.
- **Set your makeup with powder.** This will help to absorb excess oil and keep your makeup in place all day long.
- **Highlight your features.** Apply a highlighter to the high points of your face, such as your cheekbones, brow bone, and Cupid's bow, to create a lifted and radiant look.
- **Contour your face (optional).** Contouring can help to define your features and create a more sculpted look. Use a bronzer or contour powder to shade the hollows of your cheeks, temples, and jawline.
- **Finish with a touch of blush.** Blush adds a hint of color to your cheeks and helps to create a more youthful and fresh-faced look.
